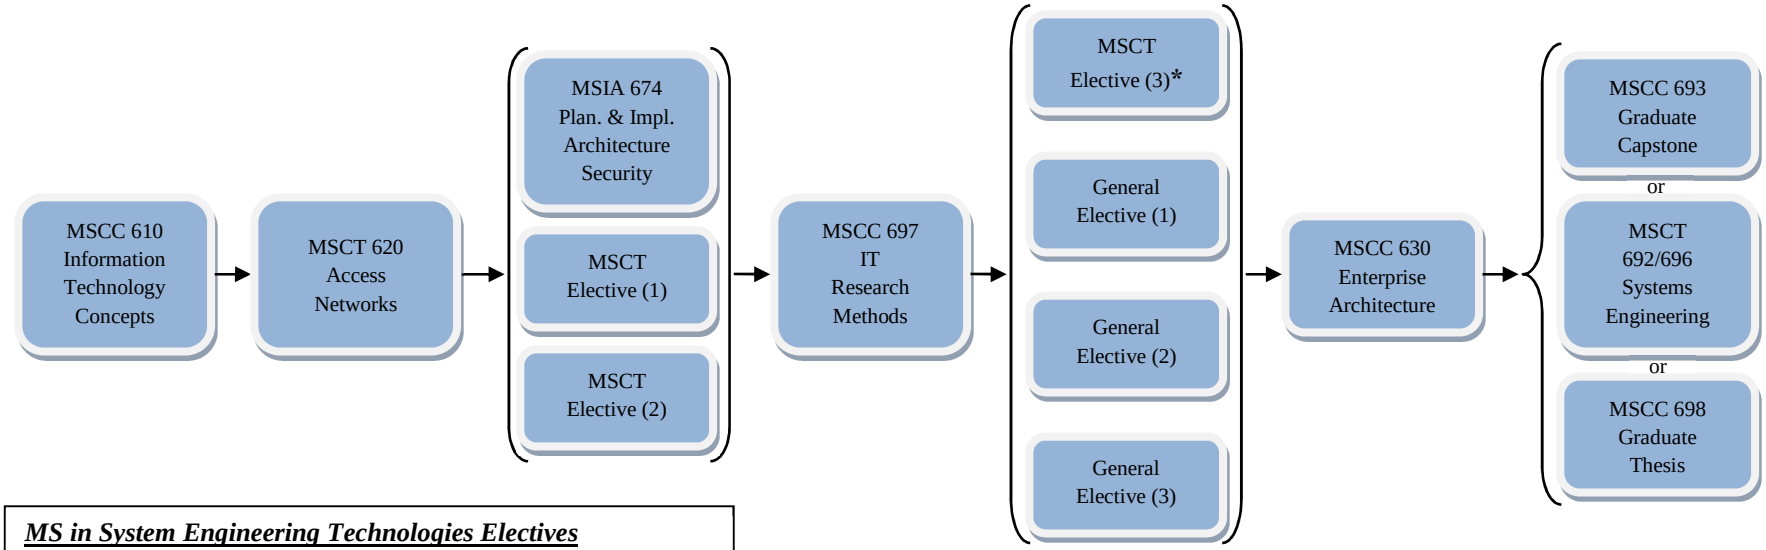
MS in Systems Engineering



MS in System Engineering Technologies Electives

Three System Engineering electives are required

- MSCT 600 Network Essentials
  (take MSCT 600 before MSCT 620, if needed)
- MSCT 650 High Availability & Disaster Recovery Systems
- MSCT 662 Storage Area Networks
- MSCT 664 Routing and Switching
- MSCT 680 Enterprise Storage
- MSCT 692 Systems Engineering Practicum I

*NOTE: In addition to Degree Program Courses, students select **three** general elective courses. These courses may be selected from any SCIS Graduate MS program*

- *Software Engineering*
- *Systems Engineering*
- *Database Technologies*
- *Information Assurance*
- *Information Technology Management*
- *Software Engineering and Database Technologies*

**For the Practicum option, MSCT 692 will take the place of the final MSCT elective and will be taken after MSCC 630.*

Effective Fall 8W1 2012
