Student ID: _____

To determine your financial aid eligibility, the Office of Financial Aid is required to complete a review of your enrollment history. This review is related to the institutions at which you were disbursed either a Federal Pell Grant or Federal Direct student loan during the last four academic years.

Please read the following instructions carefully and then complete the table below:

- Review your financial aid history for the last four academic years online at <https://nslds.ed.gov>.
- List below each institution at which you received a Federal Pell Grant and/or Federal Direct Loan funding during the required review period: 2019-20, 2020-21, 2021-22 and 2022-23. If you need additional space, please attach a separate piece of paper that lists the name(s) of the additional institution(s) and the dates of your attendance, credit hours earned, and if Regis University has received the transcript or if it has been requested.
- Request an official academic transcript be sent to sendtranscripttoru@regis.edu for each of the prior institutions you list. If you previously submitted the transcript to the Regis University Office of Admissions, you do not need to resubmit the transcript. (You do not need to request a transcript from Regis University if you attended here during the review period.)
- For each institution at which you did not earn academic credit during any of the applicable award years, provide a signed and dated statement explaining why you did not earn academic credit. Only grades of "D" or better are considered as earned academic credit. Grades of "W" and "I" are not considered as earned academic credit.
