

**SCIS joins IATP's Information Assurance Scholarship Program      May 2008**

Regis University and the School for Computing and Information Sciences is pleased to announce that Mr. Vincent Garramore, a Masters in Information Assurance student, has been awarded an Information Assurance Scholarship Program (IASP) scholarship by the Information Assurance Training Program (IATP). Mr. Garramore will receive full tuition, stipend, summer internship and an employment offer by a Department of Defense agency. As a Center of Academic Excellence in Information Assurance Education Regis University undergraduate and graduate students in all fields of study are encouraged to apply for the IASP scholarship program. Applications are accepted in late fall and winter of 2008-2009.
