

Jesuit Career Consortium for Students

Welcome students! If you are looking for an internship or job in a state outside of your university, check out the list of Jesuit Career Centers below.

You may contact these Career Centers to gain access to the reciprocal services they offer to students attending other Jesuit schools. Many of these Career Centers will provide you with access to their on-line internship and job postings. Call or email each individual school to obtain more information about their reciprocal services and how you can get involved with them.

If you have any questions, please contact your college's Career Center.

The Jesuit Career Consortium thanks Creighton University's Career Center for compiling this list.
