

**WELCOME TO THE
REGIS UNIVERSITY
BUS PASS PROGRAM**

Inside this brochure you will find:

- What services are provided by your Bus Pass
- How to use the Pass
- The benefits of using public transportation

This service has been put together for you by the Regis University Student Government Association (RUSGA).

In the Jesuit Tradition...

We are committed to the representation of the student body, service to Regis University and the greater community, and the pursuit of Justice.

See Denver and so much more using your Bus Pass.

Brought to you by RUSGA.

**SPECIAL THANKS TO:
SAMANTHA QUINN &
GINA ZUECH**

BUS PASS PROGRAM

SERVICES PROVIDED

As a Regis student, you now have the privilege of using the RTD bus and Light Rail system, free of charge with your new bus pass. This is a great way to get around Denver and the surrounding areas. This service is included in your Student Activities Fee for Regis University undergraduate students.

The Pass Includes:

- All RTD services in Denver
- All Light Rail services in Denver
- Routes that can take you as far as Boulder, Cherry Creek, and Flatiron Crossing.
- Trips to DIA with the Skyride service.

We hope this is useful to you, and you get a chance to explore the great city of Denver, for free.

Denver's 16th Street Mall

HOW TO USE THE PASS

1. Get Connected with RTD Information

Access bus route information via the internet (www.rtd-denver.com), or call 303.299.6000.

2. Plan Your Trip

The RTD Website Trip Planner can create an itinerary for your destination, or visit the Office of Student Activities or the Library for a schedule.

3. Find Your Bus Stop

All bus stops have a red and white sign that marks where you catch the bus. The sign lists each bus route that stops at that location, so make sure your route number is on the sign

4. Board the Bus

Show the Driver your Regis Student ID with your RTD Bus Pass sticker on it.

5. Get off at your stop

Stay alert during your ride so that you know when your bus stop is approaching. Let the driver know that you want to get off the bus one block before your stop. If the bus has two doors, exit through the rear door.

BENEFITS OF PUBLIC TRANSPORTATION

1. Cost

Compared with rising gas prices, parking, automobile maintenance, and insurance charges, public transit is very affordable.

2. Convenience

Public transit functions on a schedule, making planning your trip easy. Also, you can read or study while riding.

3. Environment

The public transportation system is the ultimate carpool, cutting down on harmful emissions.
