Regis University

Regis University, a small, liberal arts, Jesuit Catholic university is nestled 10 minutes northwest of downtown Denver, Colorado and about 30 minutes from the base of the Rocky Mountains. Founded in 1877, Regis attracts students from all over the world because of the small size, academic reputation, Jesuit values and of course, the unbeatable location!

2,400 undergraduate students enjoy a 14 to 1 student to teacher ratio in over 50 academic areas of study. Regis offers a challenging curriculum, rooted in 476 years of Jesuit tradition that encourages and inspires the intellect while instilling an appreciation for community service and social justice.

Beyond the sheer beauty and peaceful setting of the 100 acre campus, students find over 70 clubs and organizations, 12 NCAA Division II athletic teams, radio station, newspaper and countless opportunities for service related activities. Approximately 75 percent of the total undergraduate population participates in community service projects, adding up to 11,549 annual cumulative hours of participation! Simply put, Regis is a place to discover yourself.

Financial Assistance

Regis University does not award financial aid to international students on the basis of need; however, partial academic scholarships are available. A limited number of part time jobs are available on campus, but are very competitive and you must apply before May 1st. Academic scholarships are not available for summer school courses and there will be no increase in scholarship or the availability for additional aid after arrival on campus. Therefore, it is Regis’ recommendation that you should apply to Regis University with the understanding that you will be personally responsible for obtaining funds to attend the university.
When is a Student Visa/I-20 issued?

After all official documents have been received; the Office of Admissions will read your file. After admission is granted, you are asked to confirm your plans for enrollment by sending a nonrefundable deposit of $300 (US currency). The deposit secures both your place in the class and in the residence halls. Once you have remitted the first year's cost of attendance (tuition, room, board, books, fees, and living expenses) Regis will issue an I-20 in your name, not before.

Health Insurance

All Regis students must demonstrate adequate health coverage or a health insurance fee will be charged to your account. Insurance waivers forms may be obtained from the Regis College Office of Admissions. Student Health Services provide basic health care with free office visits. Primary care is provided by the SHS staff which includes Registered Nurses, Nurse Practitioners and Physicians. United States Federal policy prohibits the charge of SHS fees to the student's account; therefore, students are expected to pay for medications, immunizations, special services and lab tests at the time of service. All Regis University students are required to have updated immunizations records at the time of enrollment. In addition SHS provides a 24 hour Advice Nurse Service for late day, confidential issues.
