

# **REGIS UNIVERSITY CHEERLEADING**

## **Regis University Cheer Philosophy**

The main focus of the Regis University's Cheerleading Squads is to support athletics and the Regis University student body. We also, secondarily, participate in competitions. Your actions, reactions, manner, conduct, and judgment should all positively reflect pride in your school, yourself, and your squad. People will judge the squads by what you do or don't do in the classrooms and on campus. It's our goal to have cheerleading squads that reflect the very best of Regis University. Our commitment in upholding the policies of this team is a vital part of our success.

## **GOALS & OBJECTIVES**

Our objective is to make each athlete the best that he or she can be. We will provide a constructive and disciplined program. While we may not be one of the biggest college cheer programs, we will strive to be one of the best not only in Colorado, but also throughout the nation.

- To support athletics & build a strong competitive squad
- To maintain high academics
- To build a spirit program that is respected, positive, and fun.

***Regis cheer team is  
Coached by Bronwyn Cody  
with over 16 years  
experience in coaching  
competitive cheer,  
gymnastics and dance.***

**FALL TRYOUTS WILL BE HELD  
SEPTEMBER 8th  
(PLEASE CONTACT COACH CODY FOR TRYOUT  
INFORMATION!)**

## **About Us:**

The Regis University Cheerleading team is Co-ed. We participate in community events, athletic games and events, and many university functions. Regis University Cheerleaders are not only student-athletes and crowd leaders, but ambassadors of the University. The team consists of 16-24 members. The team cheers at all home men's and women's basketball games, and most volleyball, softball and soccer games. In addition we attend some baseball, softball, and lacrosse events. The teams will also perform at several local and statewide events such as UCA Regional Competitions, State Recruiting Fair, and High School State Championships. It is up to the team and talent to go to college camp and compete at the National level.
