

COLLEGE OF COMPUTER & INFORMATION SCIENCES

B.S. Health Information Management

APPLICATION STATEMENT

Complete a 200-word personal statement. The essay should state why you wish to attend Regis University and why you wish to pursue a degree in Health Information Management. This statement should be typewritten and double-spaced. The essay can be uploaded as a Microsoft Word document after you submit your application.

GOAL ASSESSMENT

In addition to the above essay, we also ask that you address the questions below. You will be able to copy and paste your answers to these questions in the online application, or type them directly into the application. However, we suggest reflecting on them, and proofing your statements prior to entering them in the application.

- What job would you like to obtain with this degree?
- Describe your volunteer experience to date (organizations, church, etc.)
- Describe any leadership experiences you have had either in the workplace or other situations.
- Based on your work experience, describe your strengths. What are areas for development/growth?
- Describe your preferred work environment.

Save your document once complete. The online application includes a section to upload your application statement. The online application includes a section to type (or copy and paste) each of the goal assessment questions directly into the application.
