

Biomedical Genetics and Genomics

Looking to enhance your credentials for medical, dental, PA or graduate school? The Biomedical Genetics and Genomics certificate is a one-seminar and four-course program designed for students who are seeking to further their education in biomedical sciences or health care fields. With both online and on-campus course work components, you can continue to work or volunteer while kickstarting your biomedical career.

**SEAMLESSLY TRANSITION
INTO THE M.S. IN BIOMEDICAL
SCIENCE PROGRAM**

**BLENDED LEARNING FORMAT
ACCOMMODATES WORK AND
VOLUNTEER SCHEDULES**

Be on the cutting edge of medical science.

New genetic and genomic technologies are revolutionizing the biomedical sciences and will guide much of our future medical treatments. The certificate program curriculum is designed to provide students with engaging graduate course work in a cutting-edge area of biology and health care.

You might be wondering:

| IN WHAT FORMAT ARE CLASSES HELD?

Classes are taught in a hybrid format, with both online and on-campus components.

| HOW LONG DOES THE PROGRAM TAKE TO COMPLETE?

This program can be completed in as little as 1 year.

| WHEN CAN I START?

The Biomedical Genetics and Genomics certificate program starts once a year in August.

Degree Plan

CERTIFICATE REQUIREMENTS

- BL 630 Biomedical Genetics and Genomics Seminar
- BL 614 Biomedical Genetics
- BL 632 Biomedical Genomics
- BL 634 Cancer Genetics
- BL 636 Translational Genetics and Genomics

TOTAL: 13 CREDIT HOURS

What you'll need

TO APPLY:

- | Completed online application
- | Official degree-bearing bachelor's transcript(s)
- | Completion of all prerequisites with a grade of C- or better
- | Valid official exam score (GRE, MCAT, DAT, PCAT, etc.)
- | Resume
- | Personal statement

IMPORTANT DATES:

- | Application Opens: January 15
- | Priority Application Deadline: May 1
- | Class list deadline: May 31
- | Final consideration deadline: July 15

TUITION AND FEES

Tuition for the 2020-2021 academic year:

- | \$890 per credit hour

To learn about financial aid options available, contact the financial aid office at 800.568.8932 or visit regis.edu/financialaid.

PREREQUISITES:

- | General biology with lab: 1 year
- | General chemistry with lab: 1 year
- | Collegiate mathematics: 1 semester
- | English composition: 1 course
- | Humanities: 1 year

Build Toward A Master's

Two classes in the Genetics and Genomics certificate program can be applied toward the Master of Science degree in Biomedical Sciences. Students who meet certain academic requirements may be guaranteed admission to the master's program.

Guaranteed admission requirements:

- | Completion of the Genetics and Genomics certificate with a GPA of 3.3 or higher
- | Grades of B or higher in all genetics and genomics courses (B- and below not accepted)
- | Permission from both the certificate and M.S. Biomedical Sciences program directors

Ready to get started?

Your Regis admissions counselor will work with you one-on-one. We'll help you choose the program that fits your goals, find options that save time and money and help you through your online application.
