Doctor of Pharmacy

The School of Pharmacy delivers a comprehensive education in a contemporary, innovative environment. Our graduates start their careers ahead of their peers thanks to collaborative, active learning that matches actual pharmacy work. With a focus on caring for the whole person, you’ll become a confident patient advocate and principled practitioner of disease management and good health.

APPLICATION MATERIALS

- Early decision deadline: Early September
- Priority deadline: Early January
- Final deadline: Early March

APPLICATION SCREENING is performed by the Office of Admissions. Candidates meeting selection criteria are invited to interview on campus from October-April. Program eligibility is pending the successful completion of outstanding prerequisites and compliance requirements.

EXPERIENTIAL & SERVICE LEARNING
In addition to classroom instruction, the Pharm.D. curriculum at the Regis University School of Pharmacy has a distinctive experiential program. We provide students with 11 different clinical education opportunities throughout Colorado, as well as nationally and abroad. These hands-on experiences under the guidance of over 800 professional preceptors, provide real world exposure to practice pharmacy first hand. Students will interact and engage with various individuals of diverse demographics and socioeconomic backgrounds, promoting an appreciation for all unique perspectives.

You might be wondering
- IN WHAT FORMAT ARE CLASSES HELD?
  Classes are taught on campus in 16-week semesters.
- HOW LONG DOES THIS PROGRAM TAKE TO COMPLETE?
  The Doctor of Pharmacy program can be completed in 4 years.
- WHEN CAN I START?
  The program starts once a year in August.
Degree Plan

YEAR I
Fall Semester
17 credit hours
PHRM 750 Introduction to Pharmacy
PHRM 701 Integrated Pharmacotherapy 1
PHRM 702 Integrated Pharmacotherapy 2
PHRM 721 Integrated Pharmacy Laboratory 1
PHRM 740 Pharmacy Law and Policy
PHRM 741 Therapeutic Principles of Self Care

Spring Semester
17 credit hours
PHRM 751 Introductory Pharmacy Practice Experience 1
PHRM 703 Integrated Pharmacotherapy 3
PHRM 704 Integrated Pharmacotherapy 4
PHRM 722 Integrated Pharmacy Laboratory 2
HCE 742 Ethics and Advocacy in Pharmacy
PHRM 730 Pharmacy and the United States Health Care System

YEAR II
Fall Semester
17 credit hours
PHRM 752 Introductory Pharmacy Practice Experience 2
PHRM 705 Integrated Pharmacotherapy 5
PHRM 706 Integrated Pharmacotherapy 6
PHRM 723 Integrated Pharmacy Laboratory 3
PHRM 727 Integrated Literature Evaluation 1
PHRM 728 Integrated Literature Evaluation 2

Spring Semester
17 credit hours
PHRM 753 Introductory Pharmacy Practice Experience 3
PHRM 707 Integrated Pharmacotherapy 7
PHRM 708 Integrated Pharmacotherapy 8
PHRM 724 Integrated Pharmacy Laboratory 4
PHRM 731 Pharmacoeconomics
Variable Elective 1

YEAR III
Fall Semester
17 credit hours
PHRM 754 Introductory Pharmacy Practice Experience 4
PHRM 709 Integrated Pharmacotherapy 9
PHRM 710 Integrated Pharmacotherapy 10
PHRM 725 Integrated Pharmacy Laboratory 5
PHRM 732 Leadership and Management
Variable Elective 2

Spring Semester
17 credit hours
PHRM 755 Introductory Pharmacy Practice Experience 5
PHRM 711 Integrated Pharmacotherapy 11
PHRM 712 Integrated Pharmacotherapy 12
PHRM 726 Integrated Pharmacy Laboratory 6
PHRM 743 Faith Traditions in Health Care
Variable Elective 3

Summer Semester
12 credit hours
PHRM 760-767 Advanced Pharmacy Practice Experience
Variable Elective 1

YEAR IV
Fall Semester
18 credit hours
PHRM 760-767 Advanced Pharmacy Practice Experience
PHRM 760-767 Advanced Pharmacy Practice Experience
PHRM 760-767 Advanced Pharmacy Practice Experience

Spring Semester
18 credit hours
PHRM 760-767 Advanced Pharmacy Practice Experience
PHRM 760-767 Advanced Pharmacy Practice Experience
PHRM 760-767 Advanced Pharmacy Practice Experience

TOTAL: 150 CREDIT HOURS

Regis University is regionally accredited by the Higher Learning Commission (HLC).
The School of Pharmacy is accredited by the Accreditation council of Colleges of Pharmacy (AACP).

PREREQUISITES
- English Composition
- Speech Communications
- Social Sciences
- Religious Studies (waived with bachelor's degree)
- Calculus
- Economics
- Principles of Chemistry 1 & 2 with lab
- Organic Chemistry 1 & 2 with lab
- Intro to Human Anatomy
- Intro to Human Physiology
- Principles of Cellular & Molecular Biology with lab
- Principles of Organismic Biology with lab
- One of the following biology classes with lab, or upper division equivalent: Biochemistry, Cell Biology, Genetics & Genomics, Immunology, Microbiology, Molecular Biology
- General Electives (9-12 credit hours)

MAKE YOUR DEGREE WORK HARDER.
Our dual master's degrees combine information and technology with patient care or management, administrative, and business knowledge with pharmaceutical knowledge through a M.S in Health Informatics or Health Services Administration. Or, in your second year, you may elect to enroll in our 12-credit Certificate in Pharmaceutical Industry Affairs, which equips graduates for the increasingly competitive nature of industry fellowships by focusing on critical thinking, communication skills and drug development as a complex, comprehensive system. Double your skills - and your hiring potential.
