MENTORSHIP

Students in this program complete 150 hours of mentoring during this program. Residents-in-training (RiTs) will be guided in independent study in their primary employment/mentoring site. Clinical mentoring occurs within the OCS and FAAOMPT community of affiliates to the Regis School of Physical Therapy. Reflective professional development will include the use of outcomes tracking for clinical practice benchmarked against national standards.

Program Overview

The Residency in Orthopaedic Physical Therapy provides maximum flexibility for working clinicians. Fast-track your professional development and gain recognition as an OCS with no need to relocate. This one-year program includes online classes, two one-week long intensives held on our campus in Colorado and 150 hours of direct mentorship.
