CLINICAL INFORMATION

Schedule
The schedule will be posted on our New Student Resources website for accepted students. You will not know your specific clinical schedule until a few weeks before each rotation. Regis University uses a bidding system for clinical placement so you will rank your choices from the available options, and the clinical placement team will assign you to your rotation.

GENERAL QUESTIONS

Shadowing a Current Student
Due to the speed of the program, we do not schedule prospective students to shadow current students or attend a class. If you are interested in visiting campus, we’d like to invite you to attend an information session. We offer virtual and on-campus information sessions twice a month. During these information sessions, we discuss the three programs, requirements and prerequisites, the application process, and answer any additional questions you may have. Attending an information session is also a great way to see the Nursing Skills and Simulation Labs. Please visit events.regis.edu/infosession for date and location information.

Health Care Ethics
Health Care Ethics is a prerequisite course for our BSN programs. The Health Care Ethics course offered at Regis University is HCE 430, and is offered online every eight weeks. If accepted into any of our BSN programs, we can register you for this course for the semester prior to your start date.

Effective August 2019, the Health Care Ethics prerequisite must be an upper-division course from a regionally-accredited college or university. Community college health care ethics courses will no longer be accepted as equivalents if completed after January 1, 2019. Students who complete an upper division health care ethics course at a regionally-accredited institution outside of Regis University must also complete an online module through Regis to receive full credit for transfer. For questions, please contact your admissions counselor or the Office of Admissions at ruadmissions@regis.edu.

UNOFFICIAL TRANSCRIPT EVALUATIONS

Request an Evaluation
Do you want to know if courses you have already taken will transfer as prerequisites for our BSN programs? Follow the steps below to request an unofficial transcript evaluation:

Send your unofficial transcripts from all colleges and universities attended to one of the following:

Email: unoffeval@regis.edu
Fax: 303-964-5400
Mail: Regis University RHCHP Office of Admissions 3333 Regis Blvd Mail Code A-12 Denver, CO 80221-1099

If sent via email, indicate your request for an unofficial evaluation in the subject line. In the body of your email or on your fax coversheet, please indicate your program of interest, name, phone number, and mailing address.

Allow 5-7 business days for your unofficial evaluation to be completed. Transfer guides for each program can be found at regis.edu/transfer.

DON’T DELAY. APPLY TODAY.

Visit NURSINGCAS.ORG to start your application today.
