Advising and E-Registration Overview: Key Steps

- In the instructions that follow, you will see directions for how to:
 - Complete the Regis College Course Selection Worksheet (Part I – 2 Steps)
 - Complete the Online Registration Process **after** you have met with your advisor (Part II – 10 Steps)
 - How to drop a course through WebAdvisor (Part III-4 steps)
- **First:** Log in to WebAdvisor and pull up your Program Evaluation. This evaluation can help you decide what courses to take next semester or during summer session.
- **Second:** Look up the courses available on WebAdvisor and complete the Regis College Course Selection Worksheet (Part I of the directions here). Share the completed worksheet with your advisor.
 - The purpose of this worksheet is for you and your advisor to have a record of the courses you would like to take. Be sure to identify additional courses so you and your advisor may discuss some “backup” options if your top choice courses fill up before you have an opportunity to register for them.
 - If you are having problems electronically filling out or saving your information, please contact the ITS Help Desk (303-458-4050).
 - Once you have met with your advisor to discuss the courses you have indicated on the Course Selection Worksheet, your advisor will submit an approval acknowledging that you have met and discussed your course options. Please note, this approval does not automatically remove your registration hold. Please be sure to meet with your advisor at least one day prior to your registration window.
- **Third:** Wait until your assigned registration window to register for the classes your advisor has approved. Instructions for how to complete the online registration process appear in Part II of the directions here.
Regis College Online Registration Schedule Timeline:
 - Senior Registration (92 semester hours or more completed) & Exceptions (In-season Athletes, Honors Program, and Debate Team)
 - Junior Registration (60-91 semester hours completed)
 - Sophomore Registration (30-59 semester hours completed)
 - First-Year Student Registration (0-29 semester hours completed)

Part I - Step 1: Complete the Student Information and Registration Information sections of the Regis College Course Selection Worksheet and follow the instructions on the form to send it to your advisor.

NOTICE TO STUDENT: This form is to be used only to communicate your course selections to your advisor. After you and your advisor have agreed upon your selections, you must login to WebAdvisor and enroll in your courses during your designated enrollment period. By sending this information to your advisor, you are agreeing register yourself for courses as planned and agreed to by your advisor. Any deviations from this agreement may jeopardize your ability to graduate on time and your eligibility for the "Regis Guarantee."

Part I - Step 2: Meet with your advisor to discuss the courses on your Course Selection Worksheet.

- If your advisor approves your selected courses, he/she will submit a request to remove your advising registration hold. Since this approval does not automatically remove your registration hold, please be sure to have this meeting with your advisor at least one day prior to your registration window.
- If you are planning to register for an internship, do not include that on your Course Selection Worksheet. You will need to work directly with the Office of Academic Internships (Loyola 12) to finalize that process.
- Once you have met with your advisor, the remainder of the work is yours to complete. When it is your turn to register (see dates on Slide 2), you will need to log into WebAdvisor and complete the online registration process. Part II of the tutorial walks you through those steps.

Part II - Step 1: When it is your turn to register for classes, log into WebAdvisor
