Employment History

Regis University | *Loretto Heights School of Nursing* | *Instructor* *Denver, CO*

Responsible for teaching medical-surgical nursing courses in didactic and lab settings, providing students with a strong foundation in theory and practical skills. Oversee clinical experiences to ensure students gain hands-on patient care knowledge. Additional responsibilities include student advising, and contributing to curriculum development through active participation in the

Curriculum Committee, Nursing Faculty Organization (NFO), and Undergraduate Workgroup. Dedicated to fostering student success and advancing nursing education.

Denver College of Nursing | Assistant Professor

Denver, CO

Taught the Senior Integrative Capstone (Hybrid Course), supporting students in their final capstone projects and preparing them for the NCLEX through curriculum design, lecture, and clinical oversight. Additionally, served as a clinical instructor for medical-surgical courses, guiding students in real-world patient care. Contributed to the skills lab for medical-surgical courses, providing hands-on training to develop students' clinical competencies. Dedicated to fostering student success and ensuring readiness for professional nursing practice.

Guam Memorial Hospital | Registered Nurse

Tamuning, GU

Served as a critical care nurse at Guam Memorial Hospital through NuWest Group. Provided holistic, high-quality care to critically ill patients in a fast-paced ICU environment. Played a key role in training and orienting new travel nurses to the unit and occasionally fulfilled responsibilities as charge nurse, ensuring smooth operations and effective team collaboration. Dedicated to delivering compassionate care and supporting the professional development of colleagues in a crisis response setting.

Rose Medical Center | Registered Nurse & Resource Nurse/Educator *Denver, CO*

Provided comprehensive care to critically ill patients at Rose Medical Center in Denver, CO. Responsibilities included managing ventilators, administering multiple IV drips, performing life-saving interventions, conducting detailed assessments, and delivering patient education. Served as a designated preceptor, mentoring new nurses, and as a relief charge nurse, overseeing unit operations and ensuring quality care.

Also served as a hospital-wide Resource Nurse/Educator, supporting new graduate nurses with education, clinical guidance, physician communication, and emergency interventions. Committed to excellence in patient care and the professional growth of nursing staff.
