PROFESSIONAL EXPERIENCE

- 2003-2006 SUN MICROSYSTEMS
 DENVER, COLORADO
Economic Analyst. Developed cutting-edge pricing methodology and models in conjunction with clients, engineers, and marketing specialists. Prepared cost-benefit analysis. Presented models to senior management and clients and managed pricing implementation for large contracts.
- 2003-2004 COLORADO HEALTH INSTITUTE
 DENVER, COLORADO
Research Consultant. Researched and published study analyzing the effects of a change in auto insurance systems in Colorado on the cost and quality of health care. Presented results to a panel of state legislators and healthcare and auto insurance industry experts.
- 2001-2003 ANALYSIS GROUP/ECONOMICS
 LAKEWOOD, COLORADO
Senior Associate. Specialized in qualitative and quantitative microeconomic analysis, financial modeling, and economic research in the context of regulatory issues, pricing, and litigation, particularly regulatory, patent infringement and antitrust matters. Expertise in the technology, pharmaceuticals and healthcare industries. Managed projects, staff, and associated budgets. Interviewed all levels of management, studied products and production processes, and reviewed financial, industry, and sales data in the course of carrying out analysis. Presented results to clients, co-authored articles and papers, presented academic and professional seminars, and assisted in drafting reports. Mentored junior staff, conducted training sessions, developed training and orientation agenda and material, and oversaw office-recruiting efforts.
- 2000-2001 CHARLES RIVER ASSOCIATES, INC.
 BOSTON, MASSACHUSETTS
Senior Associate. Specialized in regulatory, pricing and mergers analysis, as well as litigation involving intellectual property and damage estimates in the healthcare, pharmaceuticals,

aerospace, and telecommunications industries. Routinely interviewed physicians, scientists and administrators and reviewed current scientific and economic literature as an integral part of analysis. Performed economic analysis associated with valuing intellectual property, patent infringement, appropriation of trade secrets, antitrust, and multinational tax issues. Conducted sophisticated research of products, externalities, technological processes, delivery systems; financial and economic data analysis; and empirical studies. Managed projects and analysts, presented seminars, assisted in drafting reports, and presented results to clients.

KPMG PEAT MARWICK LLP, ECONOMIC CONSULTING SERVICES
DENVER, COLORADO

1997-2000 Economic Consultant. Conducted economic impact studies—cost/benefit analysis—and transfer pricing analysis. Researched industries and firms, and performed financial and functional analyses in compliance with international tax regulations.

THE WORLD BANK, DEVELOPMENT RESEARCH GROUP,
WASHINGTON, DC

1999 Consultant. Conducted research and performed empirical analysis of the pricing of imports and the causes of parallel imports of products across countries and product groups.

NATIONAL ECONOMIC RESEARCH ASSOCIATES, INC.
WASHINGTON, DC

1998 Economic Consultant. Directed update of pharmaceutical company's global transfer pricing study. Researched company products, manufacturing and distribution processes, and licensing practices. Interviewed business managers and prepared analyses, reports, and documentation.

1994-1996 Analyst. Responsible for researching the comparative cost effectiveness of healthcare systems and prescription benefit programs in a worldwide PhRMA healthcare study. Conducted economic research and analysis, specializing in regulatory analysis, cost-effectiveness studies, intellectual property valuation and infringement, mergers analysis, and pricing studies in the healthcare and pharmaceuticals industries. Worked extensively on projects involving market definition, the likely effects of proposed mergers, industry deregulation, auctions, securities fraud, and patent infringement in the medical devices, pharmaceuticals, telecommunications, and automobile industries. Managed researchers and assigned research tasks.

US DEPARTMENT OF LABOR, EMPLOYMENT AND TRAINING ADMINISTRATION
WASHINGTON, DC

1993-1994 Labor Economist. Policy oriented research. Appointed to Dislocated Worker and Labor Market Information (LMI) Teams. Researched sources of LMI and existing technical delivery systems on which to build a broad-based employment electronic information system. Studied private employment agencies' practices; organized and directed a private firms/government-providers information exchange forum.

US DEPARTMENT OF LABOR, BUREAU OF LABOR STATISTICS
WASHINGTON, DC

1991-1993 Economist. Developed, tested and analyzed design of prototype statistical data collection and tracking systems. Consulted with other economists, computer systems specialists.

ADDITIONAL CONSULTING AND ADVOCACY EXPERIENCE

2011- 2012 U.S. Army's Telemedicine & Advanced Technology Research Center
2011 The Joint Commission and University of Colorado Denver, School of Public Health
2010 - 2011 National Network for Oral Health Access
