Regis University | OMPT Fellowship | 2018 – 2019 Schedule

Program is completed in as little as 12 months with allowance of up to 5 years depending on individuals desired progression pace. The typical student completes the program in approximately 18-28 months. Courses are offered once each year. If a course is skipped it can be taken the following year. Once enrolled in a course, it’s expected that you will complete the entire 8 week term which includes weekly assignments. Courses are not sequential and therefore can be taken in any order, with the exception of the final practicum course.

**VARIABLE**
DPT 790T Clinical Fellowship Practicum (3 Semester Hours) (Variable – Each Spring 8 week 2 typically)
*Billed for 3 semester hours of tuition ($575 per semester hour) = $1,725  *Tuition Due: Variable
*Tuition rate of $550 per semester hour for Fall 2017-Summer 2018. Tuition rate for Fall 2018-Summer 2019 is $575 per semester hour. Tuition typically increases 1-4% each fall. The total program is 18 semester hours.

INFORMATION REGARDING CLINICAL PRACTICUM COURSE
Registration for the practicum course (1:1 mentor hours) occurs in the term when the practicum is completed and is therefore variable. The tuition for this 3 semester hour course is charged once during the program at the time of enrollment in the practicum (790T). The practicum examination for applicants who have met all the required elements of the program to challenge the practicum examination is held typically on a Friday or Saturday night of the weekend intensive. Total program is 18 semester hours.

INFORMATION REGARDING WEEKEND SESSIONS
Weekend sessions start on Friday afternoon at 1PM and end around 6PM. Saturday sessions run from 8AM-6PM. Sunday typically wraps up around 3PM to help with travel needs. With advanced notice we can accommodate some flexibility with Friday start time and Sunday end time due to travel. Denver International Airport is approximately 25-30 minutes from campus.

INFORMATION REGARDING VIRTUAL ROUNDS
Although students register and are billed for Virtual Rounds in each 8 week 2 term, students have access to the online Virtual Round courses at all times and participate during the entire program.

Additional estimated costs beyond tuition noted above include: application fee to RF-PTCAS ($135), background check fee ($30), APTA and AAOMPT membership, cost of travel and lodging to Denver for weekend intensives (5 trips), registration and travel to national conference if your research project is selected for presentation (most commonly AAOMPT or CSM), possible travel and accommodations to complete the 150 one:one clinical hour (noting 20 indirect 1-1 hours are accumulated at the four weekend intensives)

While some programs have fees associated with the Fellowship mentor time, at this point, Regis students have not been charged for their direct clinical time. We have a strong base of Fellowship mentors to support our students. However, if reimbursement were requested by a Fellow mentor, any reimbursement to the teaching Fellow is between the Fellow in Training and the Fellow mentor, and does not include Regis.

Find out how to earn tuition credit for Fellowship courses with our Clinical Education Scholar Program.

Note: All courses are tentative and subject to change up until the day that registration opens for the given term.
