

MASTER OF SCIENCE IN HUMAN RESOURCE MANAGEMENT DEGREE PROGRAM

The Master of Science in Human Resource Management is an intensive, accelerated, integrated learning experience that provides preparation for strategic human resource leadership in a rapidly changing, global marketplace. The Master of Science in Human Resource Management program is designed for individuals who wish to cultivate their leadership skills and make a profound difference or institutional change within an organization through the strategic management of human resource strategies and functions. The program focuses on the qualitative issues of human resource management, enabling students to become lifelong learners through the understanding of the following: application of HR metrics and analytics, problem solving, critical thinking, systems thinking, management, decision making within a framework of ethical conduct, legal and regulatory guidelines, performance metrics, socially responsible leadership in a global environment, and communication with stakeholders.

DEGREE REQUIREMENTS
