

**UNIVERSITY RESEARCH AND SCHOLARSHIP COUNCIL (URSC)  
FACULTY RESEARCH AND SCHOLARSHIP GRANT**

**APPLICATION INSTRUCTIONS AND FORMS**

---

**Overview**

The mission of the Regis University Research and Scholarship Council (URSC) is to promote and support scholarly, research, creative and interdisciplinary projects within Regis University. To accomplish this URSC aims to help support faculty and student projects that will contribute to the body of human knowledge and enrich the educational experience. All proposals must be based in research and scholarship and have the potential to contribute to the field or discipline. Proposals must constitute an endeavor that advances human knowledge in a manner that demonstrates in depth understanding of the context in which the endeavor occurs. The Council supports a wide-range of activities and recognizes that research and scholarship vary among fields and disciplines.

URSC activities are currently funded by Regis University through the Office of the Provost. Administration of funding occurs through the Center for Scholarship and Research Engagement (CSRE). All research is subject to appropriate approvals from pertinent Federal, State, Local, and University groups and may require this approval at the discretion of the URSC.

**Important Notice**

Please note that research projects involving human subjects or vertebrate animals require approval by the Institutional Review Board (IRB) and/or the Institutional Animal Care University Committee (IACUC) prior to URSC consideration. IRB and/or IACUC approval can take up to two months. Please keep this in mind and plan accordingly before applying to URSC. If you have any questions and/or need more information regarding IRB and/or IACUC approval please contact the IRB at [IRB@regis.edu](mailto:IRB@regis.edu), or [IACUC@regis.edu](mailto:IACUC@regis.edu).

**Review Process**

URSC is composed of a multidisciplinary group of scholars from across the University. Your proposal must be written so that all members of the committee can readily understand it. Avoid using technical jargon. A nontechnical description of the project is critical to communicating your ideas. Proposal packets are distributed and reviewed by members of the URSC. The chair of URSC will designate a primary reviewer for each proposal packet. The primary reviewer is responsible for presenting the proposal to the entire committee. Depending on the number of proposals submitted, either all committee members will read and rate all proposals, or two secondary reviewers will be assigned to each proposal. The chair of URSC will read and evaluate all proposals, but will only factor into funding decisions in the case of a tie. See **rubric** for a table identifying the primary review criteria and their respective weights.

*Questions about the Application Process*

*Direct your application questions to [URSC@regis.edu](mailto:URSC@regis.edu)*

**The Faculty Research and Scholarship Grant (FRSG)** is competitive and provides up to \$5,000 to advance a specific scholarly project or small pilot study. Regular ranked faculty (non-affiliate) are eligible to apply. FRSG deadlines occur TWO times per fiscal year on April 15 and October 15. If these dates fall on a weekend, the application deadline will be extended to the following Monday. Decisions will be made within approximately one month. Faculty are only allowed to receive one FRSG per fiscal year. The number of FRSG awards varies, depending upon the availability of funds, the number of high-quality proposals received, and the size of requests. Eligible expenses include, for example, equipment, supplies or services, student assistants, or travel as required to conduct the research. Faculty holding nine month appointments are eligible for salary support, if not concurrently performing overload duties. Faculty holding twelve month appointments are eligible for course release, per the approval of their Department's/School's administration.. Faculty salary support and course release budgetary items, including tax and benefit expenses, are limited to \$3,000. FRSG funds cannot be used for conference travel, general purpose computer equipment, or general purpose software. Special hardware or software, if strongly linked to the proposed project, will be considered but must be explained as such.

### **FRSG Eligibility**

#### Applicants:

- FRSG applicants must hold ranked appointments at Regis University.
- FRSG applicants currently taking sabbatical are eligible to apply.
- FRSG may receive an award only once per fiscal year

#### Awardees:

- To ensure continued eligibility for FRSG support, FRSG awardees **MUST**:
  - 1) Present their scholarly product at the spring research symposium
  - 2) Submit a one-two page final report summarizing the project's activities and results to URSC at [URSC@regis.edu](mailto:URSC@regis.edu) at the conclusion of the funding period.
  - 3) Spend funds for their project by **April 30**. Please note, **all** unexpended funds must be returned to Regis University. Receipts are considered to be proof of expenditures.
  - 4) Failure to present at the Annual Celebration of Scholarship and Research Symposium as well as failure to submit a final report will result in loss of eligibility for URSC funding in the next fiscal year.

#### *Questions about the Application Process*

*Direct your application questions to [URSC@regis.edu](mailto:URSC@regis.edu)*

## URSC COVER SHEET

*Application Deadlines: 11:59pm April 15, and October 15.  
If these dates fall on a weekend, the deadline will be extended to the following Monday.*

### Faculty Research and Scholarship Grant

Name(s):

Note: If multiple names, please indicate the primary contact person with an asterisk.

- CBE    
  CC&IS    
  CCLS    
  Regis College    
  RHCHP

Mailing address of primary contact person:

Phone number:

Email:

Project Title (Limited to 120 characters, including spaces)

This project involves (check all that apply):

- Human Subjects (Attach IRB approval letter)  
 Vertebrate animals (Attach IACUC approval letter)

Have you applied for a URSC research grant in the past 4 years?

- No   
  Yes, I last applied for a URSC research and scholarship grant in  (year)

**URSC APPLICATION INSTRUCTIONS**

Submission Instructions and Deadlines: Submit your ENTIRE application as ONE document (.pdf) to [URSC@regis.edu](mailto:URSC@regis.edu) no later than 11:59pm on the deadline date. Incomplete or ineligible applications will be returned without review. Deadlines are: April 15, and October 15 of each year. If these dates fall on a weekend, the application deadline will be extended to the following Monday.

A complete URSC research grant application consists of the following items in the order listed below.

- *URSC* Cover Sheet
  
- Abstract  
Provide a 250 word abstract written for a non-specialist audience and suitable for general publication. State clearly how the proposed work and expected outcomes relate to larger issues in the humanities or sciences. STG applicants must provide proof/documentation of acceptance to present.
  
- Project Description  
The project description must be no more than 4 narrative single-spaced pages (1 inch margins, 11pt font, Arial or Times New Roman). The project description must be written in such a way that scholars/reviewers outside of your discipline can readily understand it. Use these headings in order:
  - a) Background/Rationale/Significance  
Provide a short literature review and a clear and concise explanation of the project and its value to scholars in the humanities or the sciences, as appropriate. State how knowledge or practice in your area will be advanced if the project objectives are achieved, as well as how the project aligns with the mission of Regis University (see <http://www.regis.edu/About-Regis-University/History-and-Mission/The-Regis-University-Mission.aspx>)
  
  - b) Purpose and Specific Aims  
State and elaborate on the specific aims of the proposed work (for example, to test a stated hypothesis or challenge an existing paradigm).

***Questions about the Application Process***

Direct your application questions to [URSC@regis.edu](mailto:URSC@regis.edu)

c) Methods

Explain the methods you will employ in this project. Describe how the central research question(s) will be approached and how potential difficulties will be resolved. Describe the tasks to be undertaken with a prospective timeline, analysis plan, and anticipated outcomes. Methodology involving human research should include the following IRB-approved information: who the participants are, how participants will be recruited, what participants will be asked to do, the instruments, tests, materials and/or devices that will be used, risks and benefits of the study, procedures used for maintaining confidentiality or anonymity, date of CITI training expiration. The IRB-approved informed consent form and/or letter of agreement with outside institutions should also be included. For the humanities, it is still critical that a comprehensive description of the research/scholarship methods is provided.

d) Work Plan

State realistic milestones for completing the tasks required to achieve useful, applicable and quality contributions to the existing knowledge base. Detail how the work plan can be achieved in the funding time frame (i.e. by end of fiscal year—April 30)

- URSC Project Budget Justification Table (use the form provided) and Budget Justification Narrative. Each component of the budget request must be explained fully, especially projects requesting salary support.
- Results of Prior URSC Awards (if applicable). If you have received prior URSC research funding in the past four years, summarize the results of the award(s) in no more than one single-spaced page per award.
  - e) What did your past URSC awards enable you to accomplish, and how did these accomplishments inform the current proposal?
  - f) What submissions, presentations, or publications resulted from work undertaken with past URSC support?
- Curriculum Vitae (2 to 5 pages). Please indicate your publications, presentations, patents, grants, and other items relevant to the proposed project.

**URSC PROJECT BUDGET JUSTIFICATION NARRATIVE**

Please describe **each** item you listed in the budget table. The description should enable reviewers to understand a) how the cost of each item was computed, and b) how the budget items relate to your project objectives. If requesting salary support or course release, indicate your current status of workload overload and dates in which overload duties are performed. If requesting salary support or course release, you must obtain the signature of your immediate supervisor, indicating their support and approval of the request, to be considered for funding.
