Community Spotlight

Magonistas in the Neighborhood!

Students at Ricardo Flores Magon Academy (RFMA) are considered magonistas, part of the strong identity student and teachers have with their school community. This K-8 Charter school, located at 5301 Lowell Blvd., has been a part of the neighborhood for many years and is excited about new opportunities.

The school unveiled a new building plan on January 16, 2019. The plan includes new play fields, gardens and open space. After securing grant funding from several sources, including BEST and Adams County Open Space, construction is set to begin in June 2019. The new building will be ready for the 2020 school year.

Regis University works closely with RFMA. Community Relations staff share a position on the school's board of directors, student teachers work at the school and students and faculty provide tutoring and programs such as debate club.
